MESSAGE

Warm Greetings from AIIMS Raipur and Indian Stem cell study group [ISCSG]. Regenerative science, is an interdisciplinary field that has the potential to heal or replace the tissue or organ damaged by age, disease trauma and normalize congenital defects. Promising results have been observed in the fields of spinal cord injuries, tumours, cerebral palsy, PPRP, Lathyrism congenital anomalies as well as in fracture union, wound healing and in the field of other disciplines like Surgery, Ophthalmology, ENT, Medicine, Neurosciences etc. The aim of this Conference is to promote and stimulate all efforts to do research work in the field of Regenerative science and to represent it at the National and International levels. We request you all to participate in the ISCSG's 4th International Conference on Regenerative Sciences 2020 at AIIMS, Raipur from 20th, 21st & 22nd March 2020. The Conference will help you to update regarding the current status and practice in the field of Regenerative Sciences including Stem Cells, Platelet rich plasma [PRP], Platelet Rich Fibrin, Stromal Vascular Fraction and Regulations. The workshop on regenerative sciences will make you more confident in the preparation and use of PRP and platelet rich fibrin glue.

Looking forward to meet you in person during the conference on 20th, 21st and 22nd March 2020.
