On 29.06.2024, We, Dr MGR Educational and Research Institute along with Indian Stem Cell Study Group (ISCSG) Association, conducted one day event on REGEN MED CONCLAVE 2024 from 10.00 am to 04.00 pm in ACS Medical College and Hospital, Chennai. A total of 234 participants participated the event and graced all the scientific sessions. We had a galaxy of 11 speakers who are actually working clinically on with various aspects of regenerative medicine. The era of mere talks on stem cells and regenerative medicine has flown away. All the speakers shared their own cases and clinical photographs to demonstrate the clinico-translational benefits of regenerative medicine in various disorders. Regenerative Medicine is taken up well by all the specialities and kick started with case performances and documentation. We are conducting 3 days conference on Regenerative Medicine in Chennai probably by October or November. Stay tuned for further updates.

With regards
Dr Madhan Jeyaraman
